Press Release

Team Sapienza in Dubai for the first workshop of Solar Decathlon Middle East 2018

The first International Workshop of the Solar Decathlon Middle East 2018 international competition, in which Sapienza is competing with its own Team lead by the Faculty of Architecture, was held at the Hyatt Regency Dubai Creek Heights.

The Workshop represented a unique occasion for the 22 competing Teams to get in direct touch with the competition organizers and to present their own ideas to the large public.

During the Workshop the competing Decathletes had the opportunity to give a brief presentation of their own team to an audience composed of government representatives, SDME organizers, sponsors and press members, and to share their ideas through an interview aiming to highlight the key-points of the participation to the Competition. Among the hosts of the opening session, his excellency Saeed Mohammed Al Tayer, MD and CEO of Dubai Electricity and Water Authority (DEWA), the Consul general of the United States in Dubai Paul Malik and the Consul general of Italy in Dubai Valentina Setta. A great performance of Team Sapienza in the public presentation of the Team and the project that had a resounding success.

In the closing of the workshop the lots assignment on extraction had place. Team Sapienza will have the K lot, in a great position within the Solar Hai that in October 2018 will host the 22 competing Solar Houses in the final phase of the competition.
